

Homes for everyone

OTTERPOOL PARK
COUNTRYSIDE · CONNECTED · CREATIVE

We want Otterpool Park to be a diverse community, with homes that are suitable for all incomes and stages of life. Our Housing Strategy puts the needs of local people first and has details of the types and sizes of homes we will provide.

We pledge to:

- Meet people's needs – local people, single people, families, keyworkers and older people
- Embrace innovation through community-led housing and self-build homes
- Review housing needs regularly to deliver homes that meet changing needs (e.g. increased home working)
- Provide a more diverse mix of homes than typical housing developments and meet needs that would normally be missed

Up to **8,500**

Understanding local housing needs

A doorstep survey took place in 2020 in six local parishes to understand the types of homes people need now and in the future.
